Herzegovina

ORGANIZE INTERNATIONAL SYMPOSIUM
under the patronage of European Psychiatric Association

19th MOSTAR'S PSYCHIATRIC SATURDAY

ADDICTIONS IN THE 21st CENTURY

Hotel „Mostar“, Mostar/Bosnia and Herzegovina
3rd June 2023

Dear Colleagues,

Mostar's Psychiatric Saturday is one day international symposium that included very actual and relevant topics from different fields of Psychiatry in last 18 years with involvement of the distinguished lecturers from the region and Europe. The leadership of the national Psychiatric Association of Bosnia-Herzegovina included our Symposium in the main psychiatric scientific events in Bosnia and Herzegovina with main aim to improve collaboration and stimulate creativity in the exchange and enrichment of knowledge and gathering of experts from our country and region as well as the Europe.

The 19th Mostar's Psychiatric Saturday will focus on actual topic of different addictions as one of more frequent clinical entities in daily practices of psychiatrists and other mental health professionals globally. Scientific Programme will be important to all colleagues involved in the field of mental health as well as in primary health care.

I wish you warm welcome in Mostar on the first Saturday in June!

Professor Dragan Babić, MD, PhD
President, Organizing Committee
